Pawan Uniyara

Frontend Web Developer | B.Tech CSE (AI & ML) Student

Phone: 8982535643 | **Email:** pmm60718@gmail.com | **GitHub:** github.com/pawan76542987 | **LinkedIn:** linkedin.com/in/pawan-uniyara-595b1a37b/

PROFILE

B.Tech CSE (AI & ML) student with hands-on experience building responsive websites, improving frontend interfaces, and fixing HTML/CSS/JavaScript issues. Comfortable with Git/GitHub and familiar with Node.js and MongoDB. Interested in frontend development, open-source contribution, and practical software engineering.

TECHNICAL SKILLS

Languages	C++, JavaScript, Python, HTML, CSS
Web	Responsive Web Design, Frontend Development, React (learning), Node.js, Express.js
Data & Tools	MongoDB, Git, GitHub, VS Code, Netlify
Core	Data Structures & Algorithms, REST APIs, UI Debugging, Form Validation

EXPERIENCE

Freelance Web Developer | *Self-employed* | *2026 - Present*

- Built responsive websites and landing pages based on client requirements using HTML, CSS, and JavaScript.
- Fixed frontend bugs, layout issues, form validation problems, and mobile responsiveness issues.
- Improved usability and interface consistency while testing websites across common screen sizes.
- Used Git and GitHub for version control and project collaboration.

SELECTED PROJECTS

ShopSphere - E-commerce Platform | *React, Node.js, MongoDB, Git/GitHub*

Contributed frontend and documentation improvements in an open-source e-commerce project, including Indian pincode validation, mobile responsiveness, checkout behavior, README screenshots, product-delete confirmation, search debouncing, and UI enhancements.

MSOT Website Clone | *HTML, CSS, JavaScript, Netlify*

Built a responsive recreation of an educational website interface to practice real-world frontend layout, styling, responsiveness, and deployment.

Client Website Projects | *HTML, CSS, JavaScript*

Developed responsive client websites and landing pages, implementing requested UI sections and fixing frontend issues to match requirements.

EDUCATION

B.Tech in Computer Science & Engineering (AI & ML) | Mirai School of Technology

Current undergraduate student | India

Class XII - Saraswati Vidhya Mandir | Graduated 2024

CERTIFICATION

Introduction to Generative AI Studio | Google Cloud | 2026

ADDITIONAL

Open-source contributor | Interested in frontend development, AI/ML, and practical software engineering
